Run

Output

main.c

```
1 #include <stdio.h>
2 int main()
3 {
4     int i = 1, sum = 0;
5     while(i <= 5)
6     {
7         sum = sum + 1;
8         i++;
9     }
10    printf("Sum = %d\n", sum);
11    return 0;
12 }
```

Sum = 5
